Live Apps: [Android – Customer](#) • [Android – Partner](#) • [iOS – Customer](#) • restocare.in • bfccapital.com

PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience building and shipping scalable web and cross-platform mobile applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**, **Next.js**, and **React Native**. Published production apps live on the **Google Play Store and Apple App Store**, with strong expertise in RESTful API design, JWT authentication, role-based access control (RBAC), third-party integrations, and end-to-end deployment of production applications.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Redux / Redux Toolkit, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design

Mobile: React Native, Expo (iOS & Android), Google Play Store & Apple App Store publishing

Backend: Node.js, Express.js, RESTful API Design, JWT Authentication, RBAC, Third-Party API Integrations

Database: MongoDB, Mongoose ODM, Data Modeling, CRUD Operations

Tools & Platforms: Git, GitHub, Postman, VS Code, npm, Firebase, Vercel, Agile/Cross-Functional Collaboration

Core Concepts: State Management, Performance Optimization, Component Architecture, Secure Application Development, UI/UX Design

PROFESSIONAL EXPERIENCE

Full Stack Developer

Jul 2025 – Jan 2026

Restro Edge Pvt. Ltd. — Software Development

Delhi, India

- Developed and launched **Restocare**, a cross-platform restaurant service ecosystem — **customer app (Android & iOS) and partner app (Android)** — now live on the [Google Play Store](#) and [Apple App Store](#).
- Designed and integrated RESTful APIs using **Node.js and Express.js**, enabling seamless frontend-backend communication and real-time data synchronization across mobile apps and the web platform.
- Implemented secure authentication and **role-based access control (RBAC)** using JWT and HTTP-only cookies, strengthening application security.
- Owned end-to-end release cycles: production builds, store listings, versioned updates, and live debugging across **Play Store and App Store**.

Web Developer & UI/UX Designer

Feb 2023 – Jun 2025

BFC Capital Pvt. Ltd. — Web Development

Lucknow, India

- Designed and developed a responsive financial-services web platform (bfccapital.com) using **React.js** with a reusable component architecture.
- Built and integrated forms, dashboards, and workflow pages aligned with financial-service operations, consuming REST APIs.
- Improved cross-device user experience and UI performance through responsive design and optimized rendering.

PROJECTS

Restocare — Customer App, Partner App & Web Platform

React Native, React.js, Next.js, Redux, Node.js, Express.js, MongoDB

Live: [Web – restocare.in](#) • [Android – Customer App](#) • [Android – Partner App](#) • [iOS – Customer App](#)

- Built a complete on-demand service ecosystem — customer mobile app, partner mobile app, and web platform — using **React Native and React.js**.
- Delivered booking management, real-time sync, authentication, and RBAC with **Redux state management and RESTful APIs**; published and maintained both apps on the Play Store and App Store.

BFC Capital — Web Platform

Live: bfccapital.com

JavaScript, React.js, Redux, Redux Toolkit

- Developed a responsive, scalable web platform for BFC Capital using **React.js and Redux** to create a smooth, user-friendly interface.
- Integrated REST APIs and implemented Redux-based state management for reliable data flow and secure backend communication.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science & Engineering

Sep 2020 – Jun 2024

SR Group of Institutions & Technology, Lucknow, U.P. | Final Year Project: Vehicle Renting App (MERN Stack)
